Dear Sir:

This is a response to the Notification Of Abandonment dated August 7, 2006 ("Notification"). The Notification states that Applicant failed to respond to a Missing Requirements notice, however, Applicant did file a timely response to the Missing Requirements notice and received a return postcard stamped by the Patent and Trademark Office confirming receipt of the response (a copy of the complete response to the Missing Requirements, including the stamped postcard is enclosed herewith). In view of the above, Applicant believes that the Notification of Abandonment was issued due to a clerical error and, therefore, requests revival of the application.

In the event that a petition is needed to effect the revival of the application, Applicant hereby petitions under 37 CFR 137 CFR 1.137(b) based upon the assertion that the Abandonment was unintentional. To complete this petition please consider the enclosed response to the outstanding Missing Requirements notice, and also consider Applicant's assertion that the entire delay in filing the required response to the Missing Requirements was unintentional.

The application should now be in condition for examination. Please direct any inquiries to the undersigned attorney.

Please, if necessary, charge any additional fees, or credit any overpayment to Deposit Account No. 50-2342.
